1st INTERNATIONAL CONFERENCE ON AGRICULTURAL ENGINEERING AND TECHNOLOGIES (ICAET-2019)
 (Issues, Challenges & Technologies)
 November 05-06, 2019

ORGANIZED BY
 FACULTY OF AGRICULTURAL ENGINEERING
 SINDH AGRICULTURE UNIVERSITY,
 TANDOJAM
 COLLABORATION: HIGHER EDUCATION COMMISSION

About the University & Organizing Faculty

Sindh Agriculture University (SAU) is situated in Tandojam, 18km apart from Hyderabad, on Hyderabad Mirpurkhas dual carriage way and is about 200 km from Jinnah International Airport, Karachi linked with Super Highway to Hyderabad. SAU is disseminating quality education, research and training with special emphasis on interdisciplinary interface among the technological and educational expertise through well-established five faculties.

Among five faculties of SAU Tandojam, the Faculty of Agricultural Engineering has been playing a leading role since its inception in providing engineering solutions to agricultural problems and is devoted to meet the needs of people of Sindh Province in particular and Pakistan is general. Its primary goal is to take pivotal role in the promotion of technological changes and their management for sustainable agricultural development in Pakistan through high level education, research and outreach activities by integrating technology, planning and management.

Overview of the conference and invitation

The technological achievements/advancements in the field of agricultural engineering have revolutionized the world. These advancements vary from institution to institution and country to country. The work related to new developments and improvement in agricultural technology being conducted at FAE, National and International institutions need to be showcased and shared. Thus, this conference has been planned to bring together all the stake holders to share their approaches, developments and ideas for preparing roadmap towards sustainable agriculture.

The concept of the conference is to present ongoing research activities by the scientists, scholars, engineers and students from the universities and the agriculture sector all around the world and hence to foster research relations between different stake holders.

The conference organizing committee feel immense pleasure to invite you to join 1st International Conference on Agricultural Engineering and Technologies scheduled on 5-6 November, 2019.

Call for Paper Submissions

Researcher requires to submit abstract of original and unpublished research work related to all disciplines of Agricultural Engineering as per conference topics. The abstract should be double-spaced, typed using 12-point Arial font with margin of 3cm on all four sides with maximum of 250 words.

The abstract will be reviewed by the technical committee which will be communicated to the corresponding author about the acceptance either for oral or poster presentations. Upon acceptance, the corresponding author will have to submit the full paper on the format given on the web page of conference.
